RESPITE CARE

The Promenade at Tuxedo Place offers Respite Care. This offers access to all amenities for caregivers going away and for support after hospitalization. Take a break with peace of mind knowing that your loved one is being cared for in a safe, supportive environment. We provide three meals a day, a nutritious snack and all activities. A recent respite resident wrote "Thanks to the Promenade's existence, my family and I had no worries about my care when my daughter was suddenly hospitalized. We seniors are very fortunate to have such a caring place to come when emergencies arise." C. Marcus

JODI'S CORNER

This month is named after the goddess Maia, one of the seven daughters of Atlas and Pleione. They were all transformed into pigeons, so that they might escape from the great hunter Orion, and flying up into the sky were changed into seven stars, which form the constellation Pleiades. On any clear night you may see these stars clustered closely together, but they are not very bright, one of them being very faint, indeed. A story says that at first they shone brightly, but after the capture of Troy by the Greeks they grew pale with sorrow. Another story says that all but one were married to gods, and that when they became stars, the one who had married a mortal did not shine so brightly as her sisters. "Oh, but the price we pay for true love!"

SPRING FLING 4/7/10

We enjoyed a Swinging Spring Fling! You know it's spring by the fresh fruit and juicy watermelon that was served. Mr. Ron Romaine was our entertainer for the afternoon. He played the guitar and sang. His performance included the story of the artist and the inspiration that lead to each song. Laughter and singing could be heard throughout the hallways! He played the music and songs of our resident's youth, and of course they knew every word. However, I think that the residents are still trying to figure out how the "I am my own Grandpa" song works! We will see Ron again at the end of June!

INTERGENERATIONAL PEN PALS

The 4th grade class at Tuxedo Park School has become "Pen Pals" with the residents at The Promenade! The children started by writing beautiful letters to our residents telling about their families, pets, favorite subjects in school and all the things they like to do. Each child was given a special resident and that resident wrote back about themselves and their families. It is a great pleasure to see them writing to the children; they have so much to give and share with each other. We are planning a "Pen Pal Party" in June for the residents and students to meet their writing friends face-to-face.

MR. JIM KELLY...

What a treat we had for St. Patrick's Day! We were entertained by Mr. Jim Kelly on the bagpipes. Mr. Kelly is a personal friend of an employee and has been coming to our home for the past three years. He really knows how to entertain! He played some of his favorites and took suggestions from the audience. It was not only a pleasure to listen to the music but to also learn about the bagpipes and the background behind the attire that he wore. The residents sat on the edge of their seats listening to all he had to say. He can sure "bag" an audience. We look forward to his next visit.
