MISSION STATEMENT

Our mission is to provide seniors with outstanding housing options, as well as uncompromising care, and to ensure our residents lead the happy, healthy and productive lives they deserve.

Animal Shelter Collection

We are collecting for the Hi-Tor animal shelter. The shelter is in great need of dog and cat food, bedding, extra blankets, toys and animal treats! Please be generous and drop off whatever you are able to donate. The residents will be delivering to the shelter on April 26th at 1:00 pm.

John V. entertaining our Mardi Gras Mascot with songs and stories.

April 2017

A Note From Our Executive Director

March was a crazy month. We are so looking forward to a warm April! In like a lion and out like a lamb might be the adage for March, but this year it also had an amazing blizzard mid-month! We received over 20 inches of snow in Tuxedo! We had 13 staff spending two nights and days here to make sure our residents had the same wonderful care we give them on warm summer days. A special thank you to the entire staff who went above and beyond to make sure we were all cared for. Also, a special thank you to Joe and Lewis for all the snow removal they did. They cleared over 50 cars, shoveled the walkways, driveways and the parking lots!

This March we also received a plea from the Hi-Tor shelter in Rockland saying that they are very short of dog and cat food as well as blankets and toys for the animals. If you are willing to donate anything to the shelter, we have a collection box in the front lobby. The residents will be taking a bus trip on the 26th to deliver the donations in person!

This spring, you might see a bright-eyed, bobtailed creature hopping out to say hello. The month of April will be a time to see many new and exciting animals at The Promenade. We will be having a Therapy Bunny visiting us this month. We will be having a group called Smiles and Smooches come to visit us. They will be bringing a miniature pony as well as a few other animals. Check out the monthly Activity calendar and see when all the animals will be visiting us.
